Research and Analysis Work Experience

School of Public and International Affairs, University of Georgia

Graduate Research Assistant (Dr. Garrett Vande Kamp)

August 2025 – Present

- Ran Monte Carlo simulations to test new empirical methods for publication.

Graduate Research Assistant (Dr. Joseph Ornstein)

August 2022 – May 2023

- Collected meeting minutes and local housing data for use in a publication.

Graduate Research Assistant – Congress Project

August 2021 – May 2022

- Responsible for providing background information on congressional bills and editing a book-length manuscript.

Pardee Center for International Futures, University of Denver

Project Team Lead, Country and Organization Travel Team

November 2020 – August 2021

Research Aide, Country and Organization Travel Team

October 2019-November 2020

- Exhibited attention to detail by analyzing open-source information to code international travel of heads of state, government, and international organizations in an Excel database.
- Oversaw the vetting of data and ensuring analytical accuracy and integrity.
- Supervised a team of seven research analysts with fast paced deadlines for government clients.

The U.S. Department of Health and Human Services **September 2020-May 2021**
Evaluation Consultant, the Interagency Working Group on Youth Programs

- Compiled a database of federal grant programs related to youth development.
- Communicated with federal agencies and the American Institute for Research (AIR) about measures and datasets focused on positive youth development.
- Merged administrative datasets from across agencies and created composite variables.
- Analyzed data on youth development programs for the interagency working group.
- Evaluated Federal grant programs related to youth development.

Daniels College of Business, University of Denver **January 2020-December 2020**
Research Associate, Corporations and Human Rights Database (CHRD) Project

- Worked independently to employ open-source techniques to find and classify human rights violations by multinational corporations for development of a database.
- Coded human rights violations based on legal classifications, judicial, and non-judicial remedies, and punitive actions taken by relevant actors.

UCCS School of Public Affairs **August 2018-May 2019**
Graduate Research Assistant (Dr. Landon Murray)

- Conducted research examining the legislative oversight of the New York Police Department's (NYPD) intelligence and counter terrorism programs.
- Compiled and created an Excel database of all New York City (NYC) Council Committee on Public Safety oversight hearings and legislation from 2001-2018.
- Performed media searches related to scholarly literature, NGO reports, and newspaper articles pertinent to NYPD counter terrorism and intelligence, national and local police intelligence oversight, and the NYC Council.

Research Skills

- **Statistical Skills:** Program evaluation (regression, Diff in Diff, RDD, synthetic control, matching, and weighting), experimental design and analysis, survey methods, time series models, and spatial econometrics.
- **Programming/Software Skills:** R (advanced), Stata (intermediate), Python (beginner). Familiarity with Tableau (data visualization), SQL, Qualtrics (survey design and analysis), and Git/GitHub. Highly proficient in Microsoft Office/Outlook/Excel.
